CSCI 103: Introduction to Programming - Lab 15 Final Prep and HW7

Final Information

Please review the procedure, topics, and practice problems that we will post on the Final information page.

https://bytes.usc.edu/cs103/final-info.html

(Additional) Final Study Material

[Here is an extra document](#) outlining topics and providing questions to spark your review. The guide:

- is not comprehensive
- should be used to help inspire questions or find a gap in your understanding
- should guide you towards additional practice
